

Special Recognition
Published in Business Today, October 2006

On September 29th, special employers in Yuba, Sutter, and Colusa counties were given recognition and a small token of appreciation for their efforts with helping youth at the learning stages of work readiness. This past year, these employers have assisted youth by allowing them learning opportunities through work experience, and in many ways with mentoring as well. The Y-S-C Employer Advisory Council and the Sutter County One Stop sponsored and hosted this year's Employer Appreciation Luncheon as a way to say thank you. They will also be taking Certificates of Appreciation and a special gift to the employers at a later date.
